

VIRGINIA

# ASID Capital Regional Meeting

Join us for a face-to-face, hands-on, how-it's-done, yeah-it's-green session with a local signage company.

### What:

- Introductions: Acorn Staff to ASID Members
- About Acorn Sign Graphics: Brief history on ASG from start to present
- Capabilities: Description of ASG from the equipment we have in our facility to the design and production capabilities of our company.
- Sustainability in EDG/ECO friendly sign solutions: Description of our design and production of ECO Friendly signage using green friendly materials along with eliminating environmentally unsafe practices while in production. Also our "Green Team" initiatives at ASG as a leader in the "Green" signage industry.
- Design/Collaboration: Discuss design capabilities of ASG and how we assist in the design of complete sign packages for your projects.
- Show & Tell: A hands on display of samples and manufacturing processes at ASG.
- Questions: A question and answer period to discuss any upcoming projects your team maybe working along with questions about ASG.
